

POMOR V (2011-2013)

Name	Master thesis	Scientific supervisors
Afanasyeva, Victoria	Late Quaternary paleoenvironmental changes in the Arctic Ocean: Reconstruction from a sediment core from Mendeleev Ridge	Prof. Dr. Vladislav Kuznetsov (Saint Petersburg State University) Prof. Dr. Rüdiger Stein (Alfred Wegener Institute Helmholtz Centre for Polar and Marine Research)
Ashastina, Kseniia	Water mass dynamics and biogeochemistry in an arctic cold-water coral reef, Stjernsund, Northern Norway	Dr. Sergey Kirillov (Arctic and Antarctic Research Institute of Roshydromet) Dr. Sascha Flögel (GEOMAR Helmholtz Centre for Ocean Research Kiel)
Boxleitner, Max	Cold-water-carbonates in the Bay of Biscay	Prof. Dr. Vladislav Kuznetsov (Saint Petersburg State University) Prof. Dr. Wolf-Christian Dullo Dr. Volker Liebetrau (GEOMAR Helmholtz Centre for Ocean Research Kiel)
Elkina, Daria	Pliocene-quaternary sedimentation rates on the Mendeleev Ridge: Paleomagnetic studies	Prof. Dr. Alexey Piskarev-Vasiliev (All-Russian Research Institute for Geology and Mineral Resources of the World Ocean (VNIIOkeangeologia)) Dr. Heidemarie Kassens (GEOMAR Helmholtz Centre for Ocean Research Kiel)

POMOR V (2011-2013)

Name	Master thesis	Scientific supervisors
Emetc, Veronika	The Antarctic and Greenland ice sheets under warm climate: Experiments with an ice sheet model forced by paleo-climate scenarios	Dr. Grigory Fedorov (Saint Petersburg State University) Prof. Dr. Lars Kaleschke (Hamburg University) Prof. Dr. Gerrit Lohmann (Alfred Wegener Institute Helmholtz Centre for Polar and Marine Research)
Kirillova, Valeria	A 12 million year record of Caribbean outflow to the northwest Atlantic based on radiogenic Nd isotopes obtained from ODP Site 1006	Dr. Alexey Krylov (Saint Petersburg State University) Prof. Dr. Martin Frank, Dr. Anne Osbourne (GEOMAR Helmholtz Centre for Ocean Research Kiel)
Kovaleva, Olga	Coastal erosion and coastal protection in the Baltic Sea	Dr. Daria Ryabchuk (A.P. Karpinsky Russian Geological Research Institute (VSEGEI)) Dipl.-Ing. Dörte Salecker (Hamburg University of Technology)
Kuvshinova, Olga	Antarctic benthic communities under the influence of different ice regimes	Dr. Andrew Naumov (White Sea Biological Station, Zoological Institute of the Russian Academy of Sciences) Dr. Dieter Gerdes (Alfred Wegener Institute Helmholtz Centre for Polar and Marine Research)

POMOR V (2011-2013)

Name	Master thesis	Scientific supervisors
Soyan, Aiza	Possibilities of gas-hydrates formation in the Western Arctic Shelf of Russia	Dr. Alexey Krylov (Saint Petersburg State University) Prof. Dr. Wolf-Christian Dullo (GEOMAR Helmholtz Centre for Ocean Research Kiel)
Trofimova, Tamara	A comparative analysis of coastal environmental conditions in the eastern Norwegian Sea and southern Barents Sea by means of <i>Arctica islandica</i> growth records	Dr. Alexey Sukhotin (White Sea Biological Station, Zoological Institute of Russian Academy of Sciences) Prof. Dr. Thomas Brey (Alfred Wegener Institute Helmholtz Centre for Polar and Marine Research)
